Dear WABbers

Next WAB meeting is Monday 28th April. It will be the entry point to a trajectory on 'participation', co-curated by nadine's team and Laura Oriol.

We invite you for an evening of reading and discussion on **mutuality & reciprocity**. Laura Oriol is interested in understanding these notions and ways to integrate them in her participatory projects and practice. We will enter the very beginnings of a research that wishes to find texts that massage and chew on these concepts to see how they sit with us, in our mouths and in our bellies.

Laura's 1st inspirations come from the early anarchist writer Petr Kropotkin who wrote "Mutual Aid - a factor of evolution".

More texts will be shared on the [WAB 2025 PAD](#)

> Don't hesitate to put in your suggestions in the PAD 'exchange', it would be great to make a small library on this topic!

Meet-up at dinA at 6:30pm.

We will read 4 to 5 texts in the manner of an 'arcentage' where small groups will read one text each and each group will make a summary for the whole group. This can be the start of our collective discussion. We will close the evening with a little performative exercise that will reveal the mutuality & reciprocity present within the community connected to nadine.

Please confirm your presence by Thursday April 24th.

Looking forward!  
Bisous,

nadine & Laura
